What is a CSA?

Community Supported Agriculture:

Consumers pledge support to local farms by purchasing subscriptions directly from the farmer. In return you receive fresh locally-grown produce throughout the growing season.

Why participate in a CSA?

- Know **how and where your food is grown**. Members are invited to visit the farm and meet the Lee family (*your farmers!*) during the growing season.
- Because produce is picked just prior to delivery, **flavor is at it's peak**.
- Support local **Missouri farmers**.
- Keep your food dollars in the **local community**.

How does the Lee Farms CSA work?

Families or individuals buying a subscription pay 50% up front to reserve their produce. The remaining 50% is due by June 30th.

Then, once per week (or bi-weekly) for 20 weeks from early June through mid-October a box of local produce is delivered to a conveniently located pick-up site for each family participating. Each weekly delivery member is allowed to skip one week over the 20 weeks and will receive a make-up box at the end of the season.
